FPS Tumble Breaders

Standard Model

- Flips and tumbles product over a series of steps. Replaces a drum breader. Great for predest and homestyle finish.

Aligning Model

- Additional, gentle shaker straightens and lanes product for further processing.

FPS Universal Breader

Combines the features of the Compact and Tumble Breaders in one machine.

FPS Conical Breader

A cone-shaped mixing drum allows product intake and outfeed to occur at line height, eliminating elevation conveyors.

Vibratory Conveyors

Standard

40 x 44 inch Spreading Shaker

40 x 60 inch Spreading/Aligning Shaker

Custom Vibratory Conveyors designed for your plant's unique needs.
